We recognize that God's plan for a fulfilling life cannot be reached unless we're involved in serving others. Living Hope offers many opportunities to fill that void. Check out these options and go to the 'ministries' tab at our website: lhwired.com to start getting involved!

WEEKEND CONNECTIONS

This ministry leg is responsible for planning and implementing design elements including performance arts and technical details for our weekend services. Connection Teams include:

Creative Design: This team is responsible for the creative ideas that are used in our weekend services, including songs, dramas, props, give-aways, theme ideas, signs, set designs and building of set designs.

Drama: This team's goal is to use drama to help communicate the message of Jesus' love to those who are touched by Living Hope ministries. There are many opportunities for involvement both on stage and off including acting, working on sets, stage design, writing and research.

Audio Visual (A/V): These teams provide the technical components required to make the Living Hope style of Weekend Services possible. Positions include sound, lights, and computer technicians as well as CD duplication.

Praise Band: The Living Hope Praise Department has numerous opportunities for those with vocal and/or instrumental talents. The goal of this ministry is to bring others into a place of life changing worship and praise to God our Father.

FIRST IMPRESSIONS

You never get a second chance to make a first impression and this ministry leg takes care of those areas where people first come into contact with Living Hope:

Greeter: Our Greeter team is the "first touch" for those who come to Living Hope. Opportunities include giving a hand shake to those who enter our doors, helping people to find the right room to be in and passing the giving baskets.

Visitor Center/Info Booth: Volunteers who man this station give out guest gifts, register people for events using the computer terminal as well as taking event fees.

Hospitality: Our Hospitality Team provides snacks for our services as well as refreshments for special events.

SPIRITUAL FORMATIONS

This leg of ministry is centered on the needs of people to continually draw closer to God. This takes several forms from Bible study to service groups and include the following teams:

Small Group Leaders/Hosts: We offer many different small groups at Living Hope and are always looking for homes where we can host groups and people who will lead them. Training is provided.

Ladies Ministries: There are many places to be involved in this ministry including retreat planning, 'Girlfriend Connection' meetings and other events designed to meet the spiritual and emotional needs of women.

Men's Ministries: The men meet monthly for breakfast and are always looking for guys to help plan and carry out events that will reach out to men and show the love of Christ.

Marriage Team: This team plans events for married couples for fun and faith-building.

Marriage Mentoring: This team is made up of couples who have been married at least 10 years who meet with couples who are heading toward marriage to help them lay the foundation for a solid union.

Volunteer Team: The volunteer team meets monthly and is always active helping people find their 'sweet spot' of service at Living Hope. This requires people skills and the ability to make phone calls.

STUDENT SERVICES

During our Saturday service and our 10:30am Sunday service we offer the **Elevate** program for kids through 5th grade. Also, during the active church year (September through June) we offer

Wednesday evening opportunities for 6 – 8 grade (**Ignite**) and 9 – 12 grades (**TNT**). Each class needs leaders, assistants and A/V personnel. We have the strictest requirements for those who lead our youth, including background and reference checks.

SUPPORT SERVICES

We can't function without volunteers who help direct the flow of information to and from our people. Opportunities include the following:

Office: There are many tasks that need to be carried out each week at Living Hope and we're always looking for people who can spare a few hours to help get them done. If you have computer skills, people skills or can simply lend a hand taking phone calls, folding, stamping or stapling, you can be a part of the office team.

Counting Team: records and deposits the gifts that are generously given each week.

If you have questions or want more information contact Margie McConnell at marge@lhwire or call 358.0338
